Come and Try Orienteering!

In partnership with Octavian Droobers, new permanent orienteering courses have been installed in Elmdon and Babbs Mill Parks.

Join us at the **free** orienteering course launch events and come and try this fun outdoor adventure sport.

All ages, especially families, are welcome. Free maps and full instructions on how to get around the course and find the markers will be given by local club members.

You can walk, jog, or run around the course to complete the trails, noting the letter on each post, a bit like a treasure hunt. Join in anytime between 1-3pm.
