15.	Kurt Stevens	M35	OD	140	45:46
16.	Robert Brandon	M75	OD	140	47:16

It was lovely to see so many people come out for the event, including lots of groups trying orienteering for the first time, which is always great to see. We were very lucky with the weather which made the terrain more runnable and pleasant.

The event was a team effort, and I am really grateful for all the offers of help from so many people, all of whom made this event run so well. A special thanks to Sue for all her support planning this event, for helping on the starts/downloads and at the end of the evening.

Thank you to Keith for helping with the starts and for all the guidance in the run up to the event. Thank you to Bruce for all the support with the mapping and updates and thank you to Bob for all the input and help prior to the event, and for being one of our first aiders.

Thanks to Liz for organising the event and co-ordinating all the entries, Jane for being one of our first aiders and Graham for helping us to have all the kit we needed to make the day possible on the ground.

Thanks to Alistair, Mark and Dave for helping with the control collection in the evening.

I hope you all enjoyed the format, Ryton Pools has lots for visitors to explore, so much so that we were even able to add a galleon to the control descriptions, which was a new one for me.

I hope to see you all at another event soon. Mark is kindly organising the next OD event at Burton Dassett on 11<sup>th</sup> June 2025 and it looks like there will be some interesting courses.
