Thanks to Erin for organising the Memorial Park Score event

The format seems to be popular with those who partake particularly beginners, sadly we had low entry numbers. Maybe we could have more participants on a Saturday or Sunday event but I do not think that would be feasible as when I have visited the Park on those days it can be very busy.

Thank you to Erin's helpers, her mother and friend Sarah, Bruce for sorting the printing out and my map corrections, (the Holly is being removed from the wood), Mark, Sian, Anne, Erin and mother for control collecting and Graham for taking the kit.

I am very impressed with John Cross who to go down memory lane travelled by train from Kent on the day and back to join us!
